Education

Indiana University, Indianapolis

2015 - 2017

Masters Degree, Human-Computer Interaction

I spent two years focused on user experience research and digital design skills for use on future UX projects.

Experience

Human-Computer Interaction Instructor

Aug 2019 - Present

Purdue University Fort Wayne

Teach user experience (UX) design to Computer Science and Information Systems students.

UI/UX Designer

Apr 2017 – Dec 2020

3r Interactive, LLC

Helping startups launch digital products including mobile and web apps. I focus on the pre-production of software development including: persona's, wireframes, interactive prototypes, and ensuring non-technical clients communicate effectively with software developers.

Software Developer

June 2012 - April 2017

3r Interactive, LLC

Coding websites and mobile applications for clients.
